# INTRODUCTORY SPEECH BY THE PRESIDENT

Dear Colleagues, CIGRE Serbia National Committee, as part of the CIGRE Global Community founded in 1921 in Paris, a joint global community that shares knowledge and expertise, based on work in 60 organizations with 15,000 professionals individually from over 90 countries, including the world's leading experts in certain fields of power systems and 1250 members of companies, institutes, universities, colleges, associations and other professional organizations organizes its 35th conference. During 100 years of operation, CIGRE has contributed to the key technical foundations of a modern power system.

In 2021, it will be 70 years since the founding of the National Committee of the International Council on Large Electric Systems CIGRE Serbia, and the 35th conference will be held from October 3 to October 8, 2021 on Zlatibor, a famous tourist destination in Serbia, where our conferences have been successfully organized several times.

The general sponsors of the 35th conference are the Public Company "Electric Power Industry of Serbia" (Javno preduzeće Elektroprivreda Srbije) and the Joint Stock Company "Electric Network of Serbia" (Akcionarsko društvo Elektromreža Srbije) and Mixed Electric Power Industry Utility of Republika Srpska (Mješoviti holding Elektroprivreda Republike Srpske).

The goal of the 35th conference is to gather scientific and professional workers, organizations in the field of science, electricity, electric industry and education, who will give their contribution to solving current problems related to the work and development of the power system through written papers and a comprehensive professional discussion.

The 35th CIGRE Serbia Conference is held in the year the completion of investment projects that will increase the production of electricity from wind farms in Serbia is planned, as well as the completion of the thermal power plant whose introduction into the Serbian power system means, in addition to increasing energy efficiency through construction of cogeneration plants, significant capacities of electricity production from gas, as an important energy source, in conditions when it is necessary to increase and expand the scope of application of smart grid technologies, application of European network rules and other European regulations and directives within the amended legislation in the field of energy, whose full implementation is expected during 2021, integration of balancing markets and joint use of balancing reserves, new methodologies for planning multiple interconnected transmission networks and for interaction of transmission and distribution system, consideration of requirements concerning the Republic of Serbia and the West region of the Balkans from the Fourth Energy Package of the European Union (Clean Energy Package), which was adopted in June 2019, as well as the European Green Energy Deal from December 2019, with significant needs for new knowledge, exchange of views and experiences from domestic and world practices in these areas, which means considering the aspects of energy transition which is an integral part of the application of technologies 4.0 industrial revolution, as well as all other areas within the current topics - Panels and preferential topics in the field of 16 following study committees:

**Nebojša Petrović**  
President of CIGRE Serbia

- A1** Rotating electrical machines
- A2** Power transformers and reactors
- A3** Transmission & Distribution Equipment
- B1** Insulated Cables
- B2** Overhead lines
- B3** Substations and Electrical Installations
- B4** DC Systems and Power Electronics
- B5** Protection and automation
- C1** Economics and power system development
- C2** Power System Operation & Control
- C3** Power System Environmental performance
- C4** Technical performance of power system
- C5** Electricity market and regulation
- C6** Active Distribution Systems and Distributed energy Resources
- D1** Materials and Emerging Test Techniques
- D2** Information systems and telecommunications

During the Conference, TECHNICAL EXHIBITION OF CIGRE Serbia EXPO 2021 will be held, at which the electrical industry and manufacturers of electrical equipment from our country and abroad, consultants, scientific - research organizations and others will have the opportunity to present the practical realization of what is the subject of discussion at the Conference through business presentations and promotional activities.

Sincerely yours,  
 President of CIGRE Serbia  
**Nebojša Petrović**

# MARKETING PROGRAM OF THE 35<sup>th</sup> CONFERENCE

Within the 35th CIGRA Serbia Conference, which will be held on Zlatibor in the period from October 3 to October 8, 2021, in addition to the discussions on current topics covered in professional papers and exchange of opinions and experiences among the participants of the Conference, a technical exhibition will be organized. In this way, the Organizing Committee of the Conference wants to enable electrical equipment manufacturers, consultants, designers, scientific research organizations and others to present their latest achievements, renew of the old and establish new contacts with the participants of the Conference, professional and business people from electric power companies and the electrical industry, which will significantly contribute to the success and importance of the CIGRE Serbia Conference. The Marketing Program has been conceived in that sense, which with its content should provide conditions for the presentation of products and services from the electricity industry, as well as adequate ways of informing, presenting and consulting.

**PE ELEKTROPRIVREDA SRBIJE, AD ELEKTROMREŽA SRBIJE  
AND MIXED HOLDING ELECTRIC POWER INDUSTRY OF REPUBLIKA SRPSKA  
ARE THE GENERAL SPONSORS OF THE CONFERENCE.**

Forms of participation in the 35th CIGRE Serbia Conference are as follows:

Great sponsor; Sponsor; Sponsor of the Opening Ceremony; Sponsor of the Welcome Cocktail; Sponsor of the gala dinner; VIP dinner sponsor; Sponsor of technological innovations of the 35th conference - Android / iOS conference applications; Sponsor of technological innovations of the 35th conference - Opening of the technical exhibition; Sponsor of technological innovations of the 35th conference - internet presentation of the 35th conference; Sponsor of technological innovations 35th conference - technical support of the conference; Sponsor of the Study Committee; Student Sponsor of 35th Conference; Exhibitor; Business presentation; Donor; Panel presentation; Distribution of promotional items; Advertising for users of each of the forms of participation provides for the appropriate rights and fees defined in this Marketing Program.

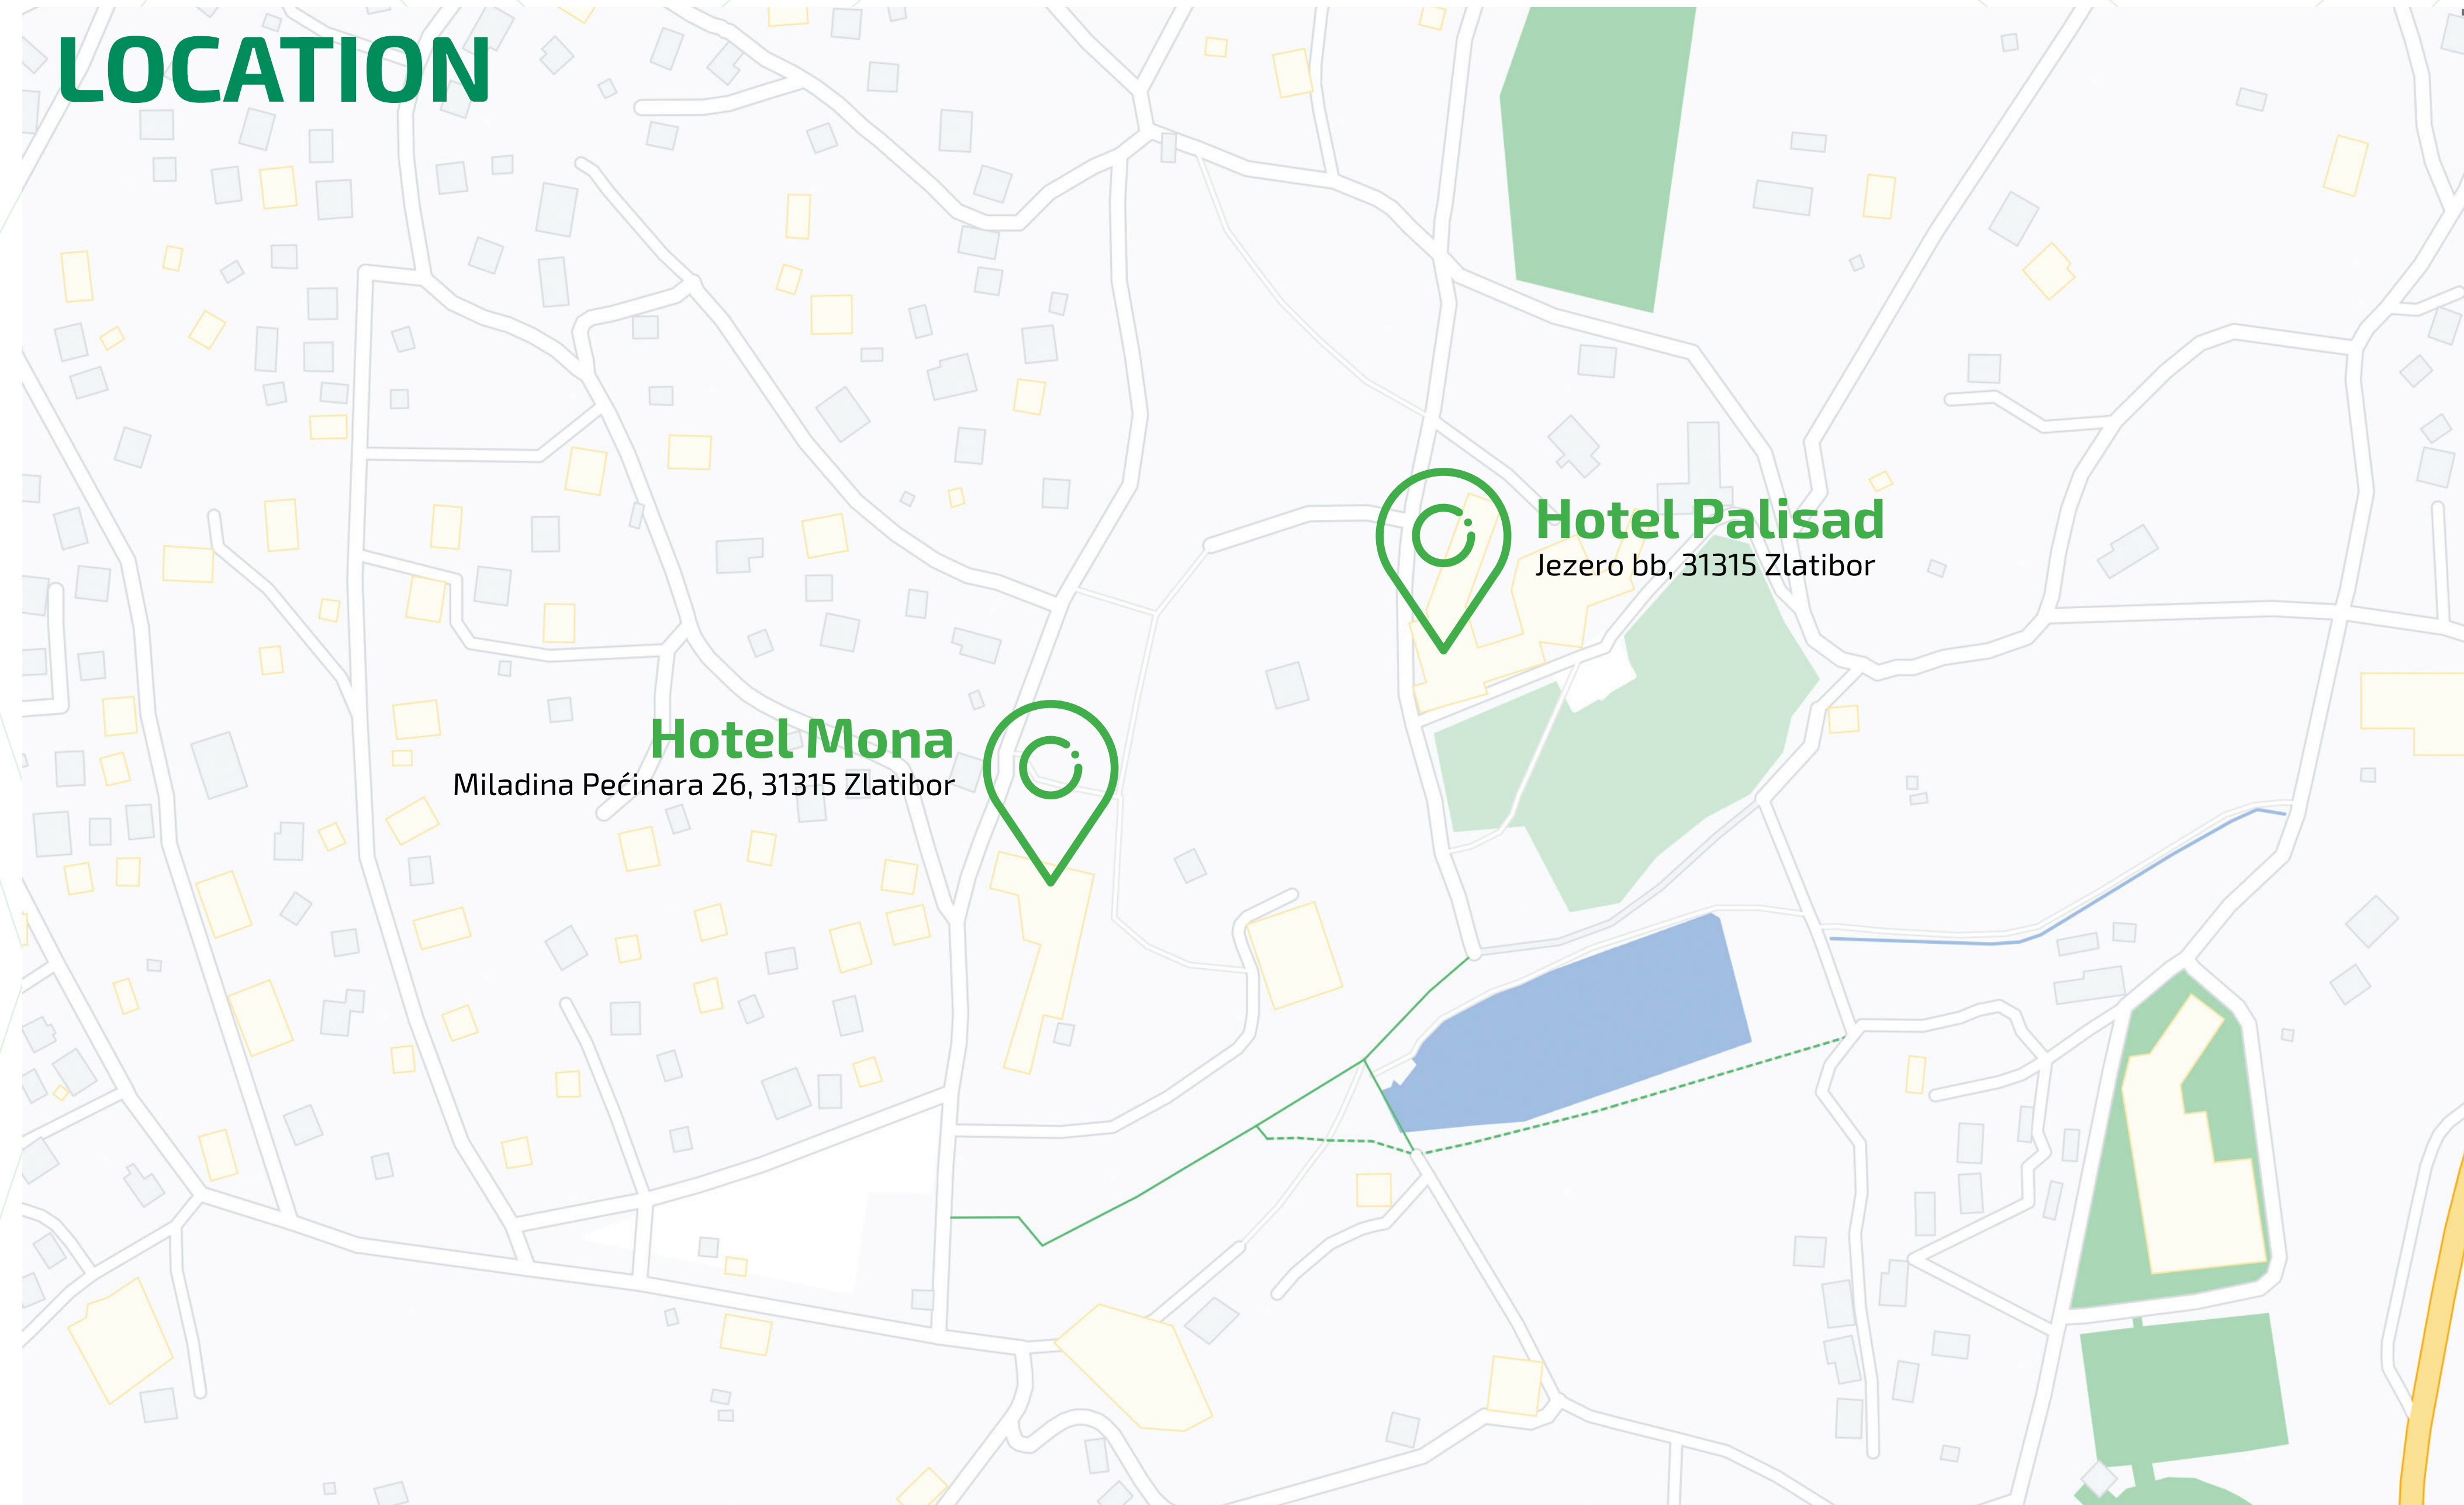

# LOCATION

Zlatibor is a mountain of exceptional beauty and is a real natural gem of the western Serbia. In addition to being the most visited mountain in Serbia, Zlatibor is also one of the largest centers of congress tourism. Throughout the year, a large number of seminars, symposiums, team building gatherings and congresses take place in this oasis of nature.

The infrastructure that enables congress tourism already exists, and it is improving every day. The number of new or renovated hotels and conference rooms that meet the highest standards is increasing every day. Hotel Palisad (4 \*), Hotel Mona Zlatibor (4 \*) as well as Grand & Sky Hotel Tornik (5 \*) are some of the luxury hotels that abound in facilities, both for tourists and for demanding business users. In addition to healthy air and breathtaking landscapes, Zlatibor offers various attractions - sports fields, restaurants of national and international cuisine, library, theme amusement parks, Cultural Center with a gallery and cinema-theater hall, post office, out-patient clinic, banks... On this mountain you will find everything you need for a pleasant and productive stay, whether you are a tourist or a business visitor.
